

Policy for On-call Ushers

Please note that the on-call usher schedule is going to be eliminated. Effective January 31, ushering for events such as memorial services shall be handled as follows: on any given Sunday, the three usher teams ushering on such Sunday shall be responsible for supplying ushers for the upcoming week through the following Saturday. So for example, on January 31, Merv, Kim and Anne are the three usher teams serving. If there were a memorial service on the following Saturday or during the week we would need to supply the volunteer ushers for the service. This does NOT apply to the Ovations concert services which will be handled in a different manner.
